

Technical drawing of a 1000mm wide electrical cabinet layout. The layout includes a main busbar system with various components: a terminal block (XZ) on the left, a circuit breaker (FD1-4) and a fuse (FD5) in the center, and a terminal block (XL) and a fuse (XM) on the right. A central section contains a circuit breaker (SQ1 FD), a fuse (FM), a circuit breaker (F1-2), a circuit breaker (SQ2), and a fuse (F3-5). The bottom section contains a UPS unit and a terminal block (XZ). Dimensions are indicated: 1000mm width, 6xM20 mounting holes, and 005mm spacing.
